# FET Innovation Launchpad

*Innovation :  
New visions, not just  
new technologies*

**TII 2016 annual conference  
27-29 September, Barcelona**

Raquel FERNANDEZ HORCAJADA  
**Unit A5 – Fostering Novel Ideas: FET-Open  
Research Executive Agency**

Research  
Executive  
Agency

## H2020 Budget: 74,8 B€

*The pillar aims to **reinforce** and **extend** the excellence of the Union's **science base** and to **consolidate the ERA** in order to make the Union's research and innovation system more competitive on a global scale.*

## *Excellent Science pillar in H2020*

- European Research Council (13,1B€)
- Marie Skłodowska-Curie actions (6,2B€)
- **Future and Emerging Technologies**
- Research infrastructures programme (2,4B€)

**FET: 2,6 B€**

## FET WP2016-17, structure

- FET-Open – novel ideas for radically new technologies :
  - FET-Open RIA ( cut off: 11/05/2016)
  - FET Open CSA (2016 and 2017)
  - **FET-Innovation Launchpad**
- FET Proactive – boosting emerging technologies
  - FET-Proactive emerging themes and communities 04/2016
  - FET ERANET Cofund 01/2017
  - FET ERANET Cofund in Quantum Technologies
- FET Proactive – High Performance Computing
  - Co-design of HPC systems and applications
  - Transition to Exascale Computing
  - Exascale HPC ecosystem development
- FET Flagships – tackling grand interdisciplinary science and technology challenges
  - Partnering environment for FET Flagships
- Other Actions
  - FET Flagship Core Projects (within FPAS)

**NEW**

# FET mission

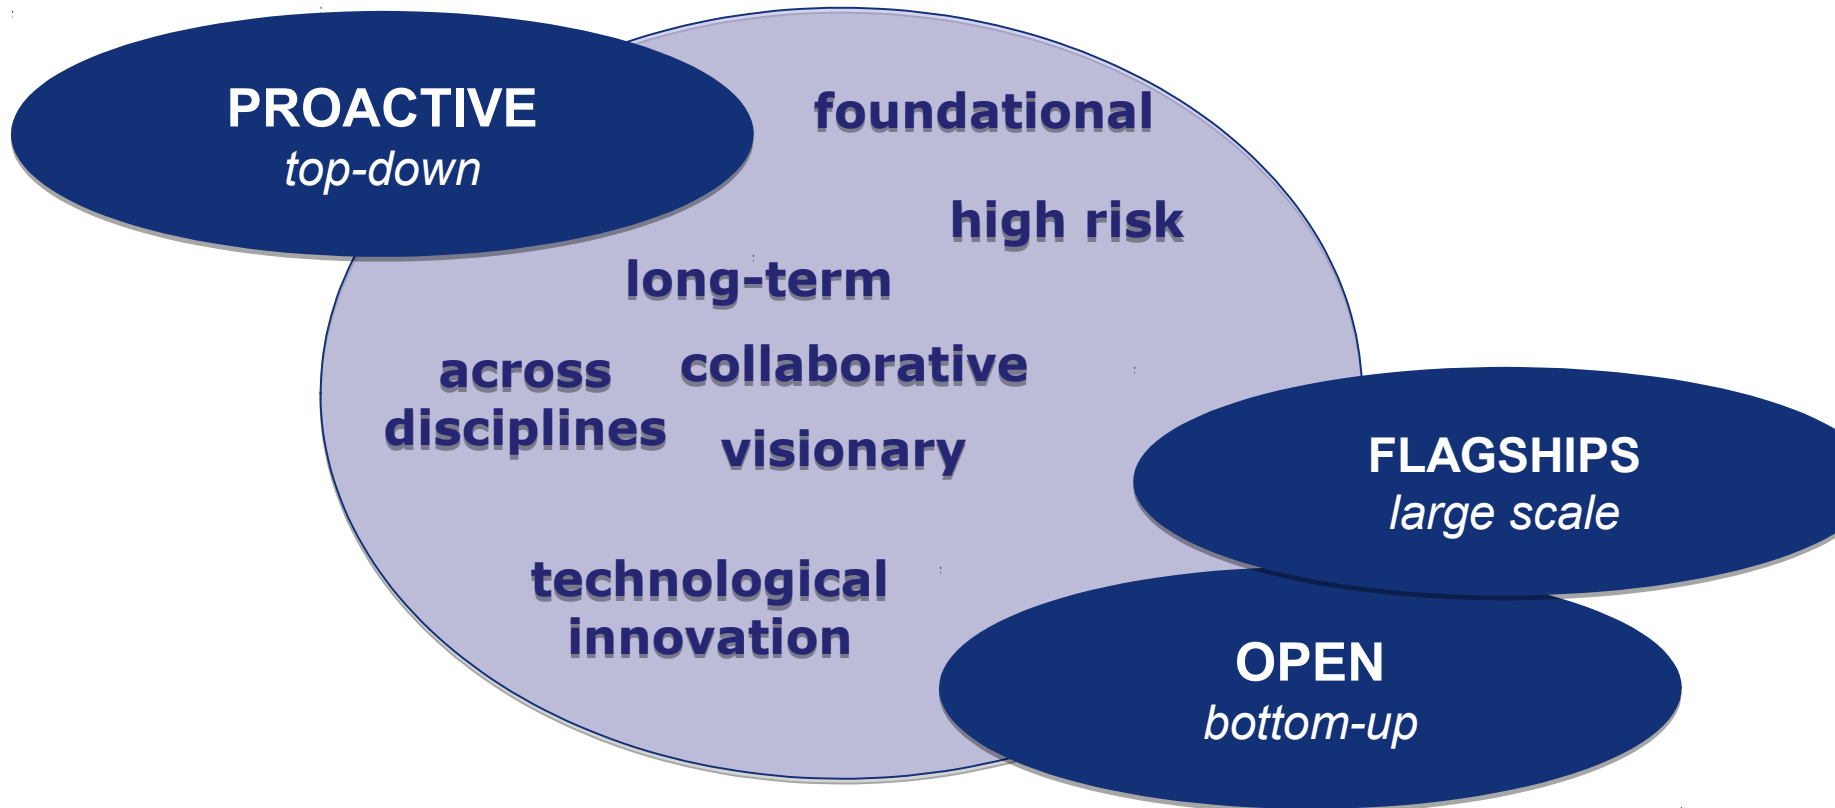

New  
knowledge

New technologies  
and their  
applications

# FET

## *Different initiatives with shared values*

**Open light and agile**

**Roadmap based research**

## FET-Open

*Early Ideas*

Individual  
research projects

**Exploring  
novel ideas**

## FET Proactive

*Exploration and  
Incubation*

Critical mass  
making a case

**Developing  
topics & communities**

## FET Flagships

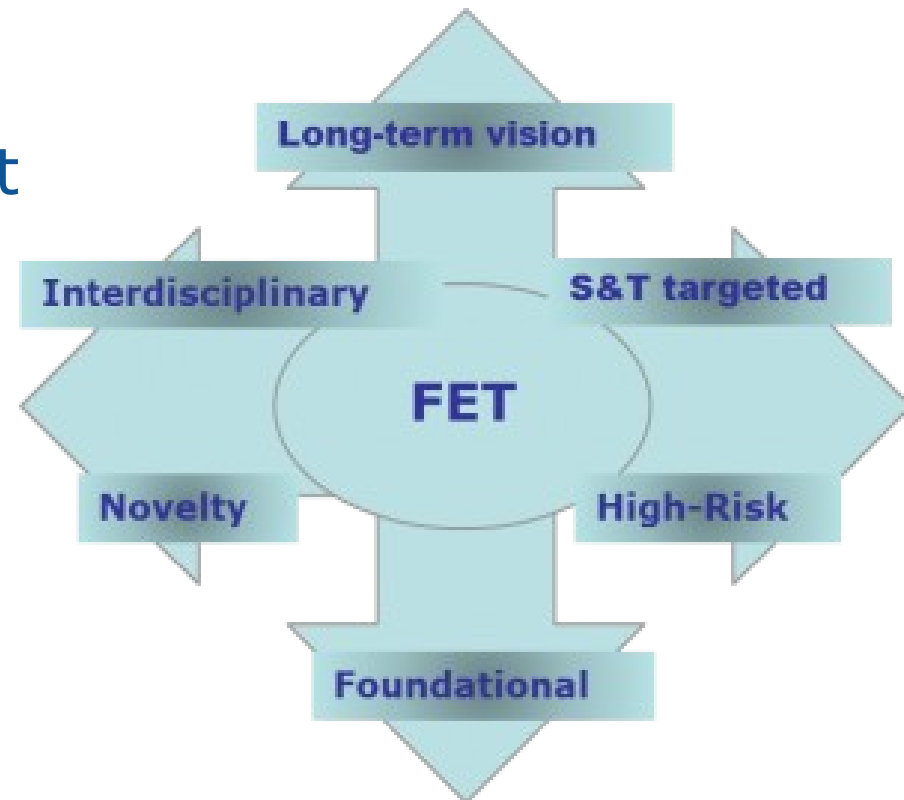

*Large-Scale  
Partnering Initiatives*

Common research  
agenda

**Addressing  
grand challenges**

## “FET-Open is open!”

- **No thematic restriction**, no emphasis on any subject
- Successful FET project result is a **proof of a concept in a lab**

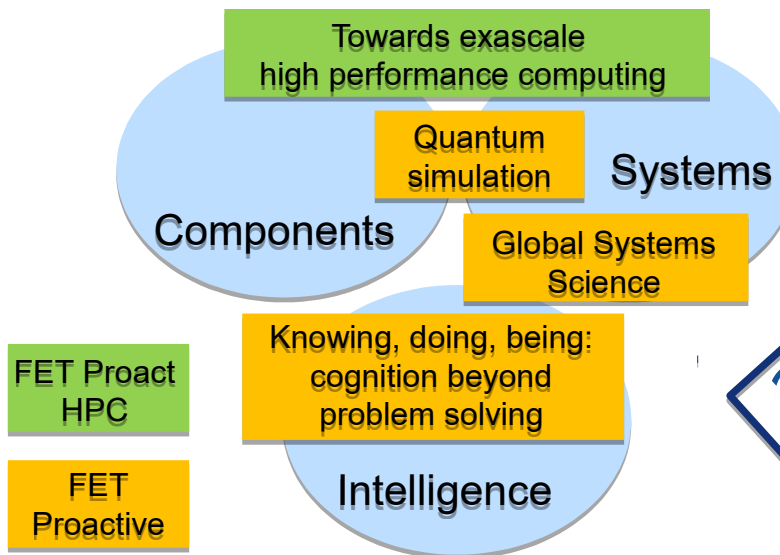

# FET Proactive Initiatives: H2020

WP2018-2019  
Public consultation

WP2016-2017  
10 subtopics in  
4 areas

WP2014-2015

**Future technologies for societal change**

**Biotech for better life**

**H2020 FET Proactive**  
Emerging themes and communities  
Proposal submission by 12/4/2016  
**€80M budget**

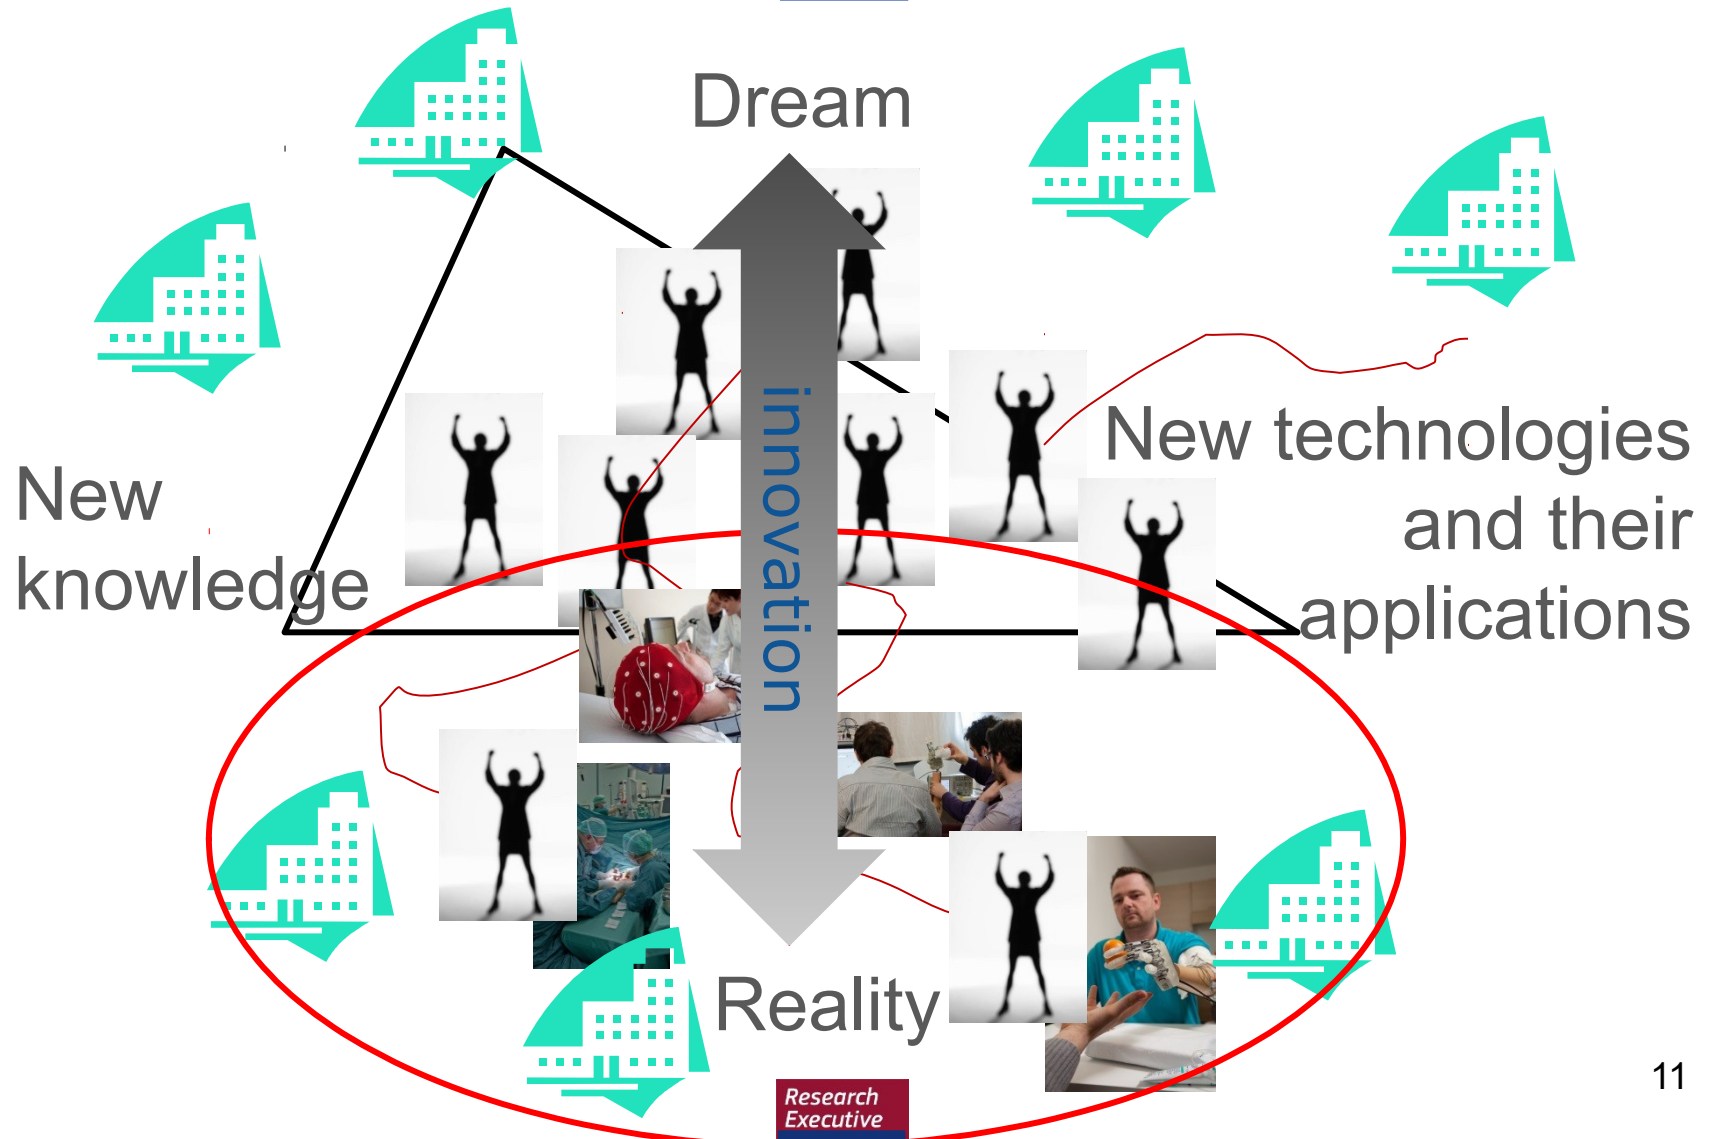

**Disruptive Information technologies**

**New technology for energy & functional materials**

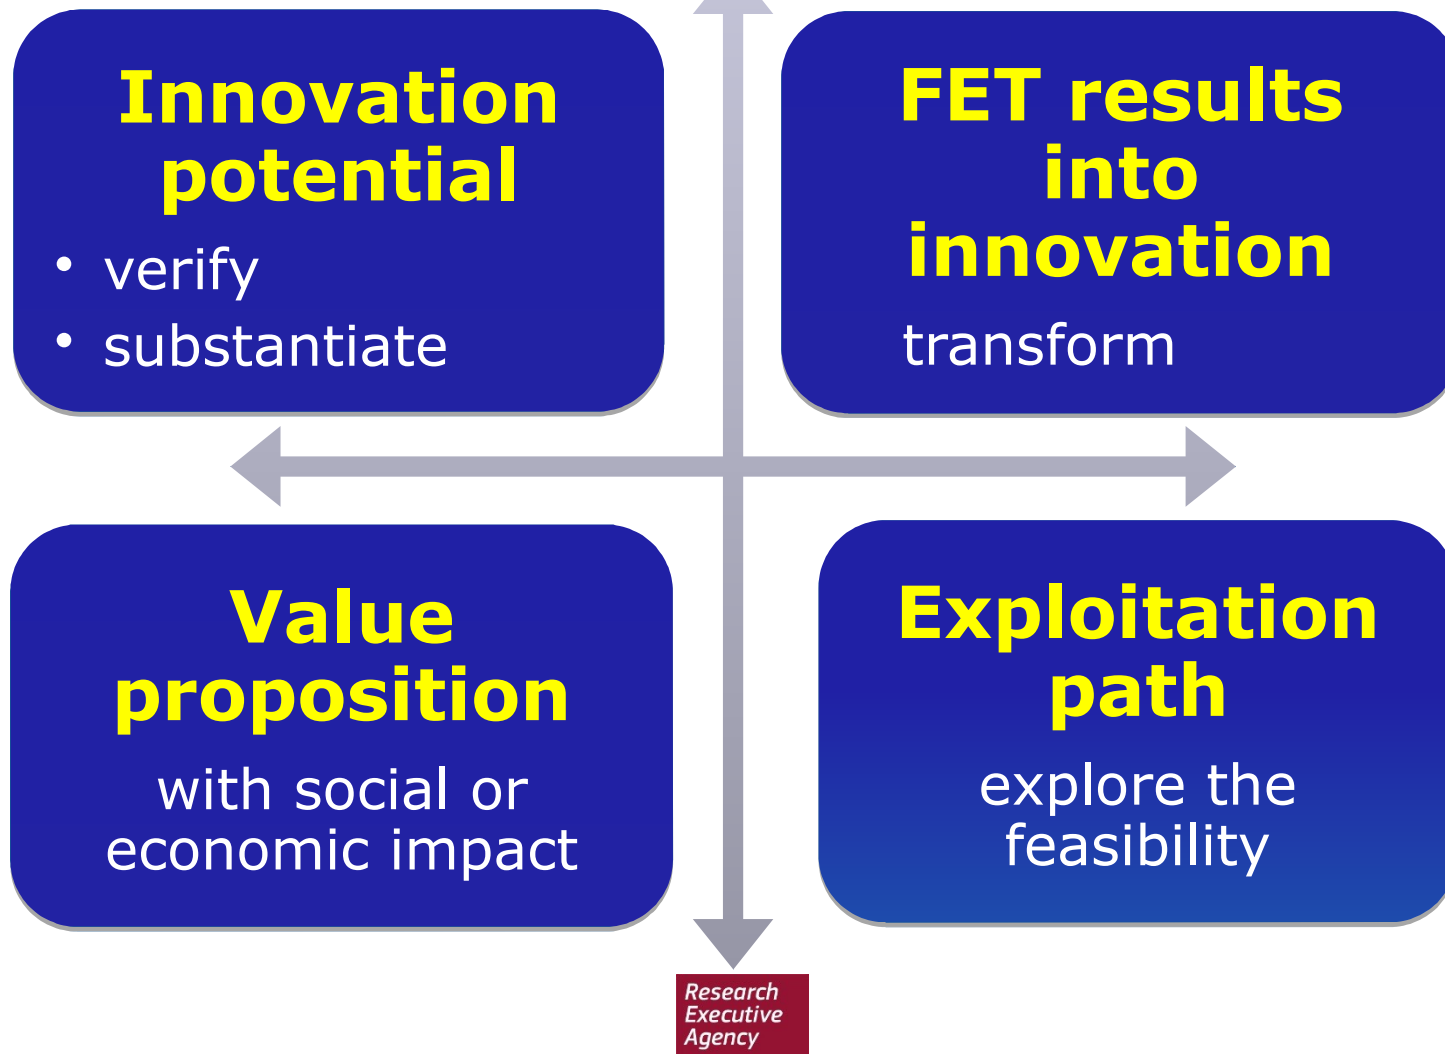

Research Executive Agency

# FET Innovation Launchpad

TOPIC :	<b>FET Innovation Launchpad</b>
Topic identifier:	<b>FETOPEN-04-2016-2017</b>
Types of action:	<b>CSA Coordination and support action</b>
Opening date:	<b>01 March 2016</b>
Cut-off dates:	<b>29 September 2016 (1,2 M €) 17:00:00</b> <b>27 September 2017 (1,8 M € ) 17:00:00</b> <b>Time Zone : (Brussels time)</b>
EU funding contribution:	<b>Max. 0,1 M € - 100% funding</b>
Project duration :	<b>approx. 18 months</b>

## FET Innovation Launchpad: Objectives

## FET-Open Innovation Launchpad Scope

- **No prescribed actions but 'fitness for purpose', for example**
  - the definition of a commercialisation process to be followed,
  - market and competitiveness analysis,
  - technology assessment,
  - consolidation of intellectual property rights and strategy,
  - scenario and business case development,
  - developing contacts and support relevant activities with for instance, industrial transfer partners, potential licence-takers, investors, societal organisations or potential end users

## *Expected Impacts*

- **Increased innovation potential from FET projects** (is there evidence that the chance of succeeding will be increased through this action?)
- **Creation of concrete innovations (start-up or otherwise)** (concreteness of the innovation idea to move closer to market than in the originating project)
- **Stimulating entrepreneurial mindset in FET research world** (is this providing a strong role model for going beyond the research world)
- **Seeding growth and the creation of jobs** (is there a credible pathway presented towards growth and jobs)

# Composition of proposals

**Part A:** Administrative part of the proposal

**Part B :** Technical part of the proposal

8 pages – core proposal

Cover page

**Section 1:** Excellence

**Section 2:** Impact

**Section 3:** Implementation

Additional information

**Section 4:** Members of the consortium

E.g. legal entity, CV, subcontract, third party

**Section 5:** Ethics and Security

Ethics self-assessment & supporting documents

Security checklist

Annex to upload : Declaration of ownership and/or letter of confirmation

*Cover page strictly limited to 1 page*

*Section 1,2 & 3 are strictly limited to 7 pages!*

*Section 4 & 5 are not covered by the page limit.*

## Composition of proposals

### Additional information

- A **declaration** by the coordinator or the sole applicant of the necessary rights and ownership of results to be exploited
- For applicants that are **not** the owner of the result to be taken up in the proposal:
  - letter from the relevant beneficiary or beneficiaries of the previous FET project that own(s) the result, that confirms the existence of the necessary agreements with the coordinator of the current proposal, including on IPR

## FET-Open Coordination and Support Actions (CSAs)

### Scope

- ▶ FET Communication – visibility and outreach
- ▶ FET Exchange – networking in future and emerging R&I areas
- ▶ FET Conference – 2018
- ▶ FET Innovation Greenhouse – capacity for facilitating earliest stages of innovation from FET research
- ▶

**EU contribution** for each CSA of between up to 0.5 million , 100 % funding rate

**NEW**

## FET-Open CSAs

### FET Communication – visibility and outreach

- raising the **visibility and impact of FET** for reaching out to **various stakeholders** and well **beyond the research communities**

TO catalogue?

## FET-Open CSAs

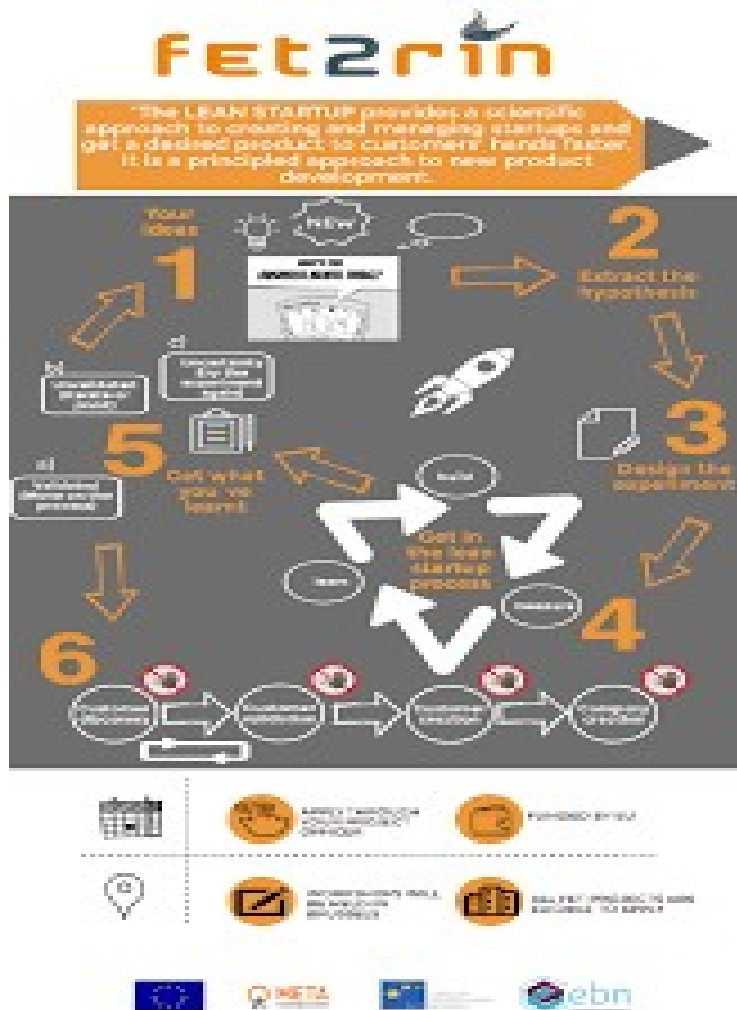

### FET Exchange

- research **roadmapping**
- learning and **exchange**
- expanding the **range** of disciplines
- involving **new actors** (young researchers, entrepreneurs and high-tech SMEs, and broadening stakeholder engagement )
- alternative **metrics** to assess research outputs and researchers.

## FET Innovation Greenhouse CSA for FET projects

- ▶ increase **capacity** for innovation, exploitation and entrepreneurship
- ▶ **bridge the gap** between FET research and its application in industry and for society
- ▶ provide exploratory, risk-friendly and tailored innovation **support**
- ▶ wide technological scope, **strong specificity to FET** and complementarity with existing innovation initiatives
- ▶ welcomes **support to the actions funded under the FET Innovation Launchpad** and for networking and exchange among them

# FET2RIN project (CSA Take up)

- ▶ deliver **workshops and coaching sessions** to facilitate the take up of FET projects results
- ▶ help overcoming obstacles related to market outreach and **accessing** business leaders , including **entrepreneurs** and **investors**
- ▶ based on the **Lean start up** methodology

# DIGITAL SINGLE MARKET

## The Innovation Radar

- Article
- Latest**
- Blogs

The Innovation Radar is an initiative supported by the European Commission focussing on the identification of high potential innovations and the key innovators behind them in FP7, CIP and Horizon 2020 projects.

### What is the Innovation radar?

The Innovation Radar supports innovators by suggesting a range of targeted actions to assist them in fulfilling their potential in the market. It is an initiative that involves:

- Assessing** the maturity of innovations developed within the FP7 and H2020 projects and identifying high potential innovators and innovations (using a model developed by [JRC-IPTS](#))
