

SUSTAINABILITY - INNOVATION SERVICES FOR A SMARTER ECONOMY

25-27 April 2012- Copenhagen (DK)

Organized by TII, the Association for the Transfer of
Technologies, Innovation and Industrial Information

Hosted by Aalborg University

PRE-CONFERENCE VISITS

The organizers are offering a choice of 2 visits to 2 science and innovation support centres in the Copenhagen region. Each group of delegates registered to take part in one of the visits will depart from the CABINN City hotel, Mitchellsgade 14, 1568 Copenhagen V.

Danish Technological Institute (Gregersensvej 3, 2630 Taastrup)

Departure at 14.00 from CABINN City (+/- 30 min travel time), returning at 17.00

The visit will be in two parts:

1. Presentation of the Ideas and Innovation Centre at the Danish Technological Institute. The centre each year processes more than 1100 invention proposals from private individuals, students and companies and mediates 5 – 10 license agreements. Team leader Kasper Birkeholm Munk will present the centre, explain its methodology and present some success stories and products that are now being marketed as a result of the centre's activities.
2. Presentation of EnergyFlexHouse, a part of the Danish test facility "Green Lab for Energy Efficient Buildings" (GLEEB). It interacts with Danish Technological Institute's other laboratories in a wide cooperation with entrepreneurs, manufacturers, consultants and contractors, as well as national and international knowledge centres. Team leader Mikael Grimmig will present the project and you will visit the EnergyFlexHouse. More information can be found at this link: <http://www.dti.dk/projects/25348?cms.query=energyflexhouse>

Copenhagen School of Entrepreneurship (Howitzvej 60 - 2000 Frederiksberg)

Departure at 14.00 from CABINN City, returning at 16.30

Copenhagen School of Entrepreneurship (CSE) is an umbrella organization encompassing several organizations within the field of entrepreneurship and innovation at Copenhagen Business School. CSE is the entrance to all entrepreneurial and innovative activities whether you are a student, scientist or a company. CSE Lab is the student business incubator at CBS - a place where entrepreneurial-spirited students can get assistance to commercialize their innovative ideas.

The presentation of CSE will be given by business developer Martin B. Justesen and an incubated start-up CEO.

NB: Unfortunately, we have been obliged to cancel the visit to Medicon Valley Alliance on account of too few registrations. Thank you for your comprehension.

In collaboration with ProTon Europe
