A short overview of each call follows ( TII Tenders Alert)

## CALLS SHORT DESCRIPTION

### **Call for Tender: Access to new geographic markets (WP Innovation in SMEs 2016-2017)**

The action, which aims to help SME Instrument beneficiaries to operate internationally by exploiting business opportunities in regions with strong clusters of clients and potential business partners, will include the following activities :

- Promotion of exhibition spaces in overseas trade fairs;
- creation of trade and business cooperation/partnerships between the funded SMEs and companies/ investors/ public procurers in Third Countries;
- improvement of the funded SMEs knowledge about new geographical markets.

At least EUR 1.4 million must be invested in the booking of the exhibition space, shell scheme, entrance fees, promotion; logistics and reception and another EUR 225 000 euro in vouchers for the selected SMEs to cover additional customized services (e.g. legal advice, translation, travel services).

*Budget: EUR 2.7 million; Deadline: 1 March, 2016*

### **Call for proposals: INNOSUP-1-2016: Cluster facilitated projects for new industrial value chains (WP Innovation in SMEs 2016-2017)**

This Coordination Action shall be led by cluster organizations and other intermediary organizations with a view to outlining a strategic vision for building new industrial value chains across the EU Member States and Associated Countries and creating a favorable "open space" for cross-sectoral fertilization and value chain innovation.

Proposals should demonstrate the capacity to:

- validate ideas for structured innovation projects driven by SMEs from different sectors and countries in collaboration with other innovation actors and facilitate the coordination towards new industrial value chains;
- support innovation activities and/or channel a mix of different targeted entrepreneurial and innovation support measures (e.g. mentoring, coaching, innovation vouchers, etc.).

At least 75% of the total proposed budget shall be allocated to support innovation in SMEs directly.

*Type of action: Innovation Action; Budget: EUR 2.5 million; Co-funding rate: 70% (100% for non-profit organizations); Deadline: 6 April 2016 (1st step)*

### **Call for proposals: INNOSUP-04-2016 SMEs for social innovation – Challenge platform (WP Innovation in SMEs 2016-2017)**

The action provides for a new demand-driven tool for social innovation, allowing social enterprises to formulate their own societal challenges on-line, to call for solutions and to select themselves the best idea(s).

The action requires the creation of an on-line 'challenge platform' and its facilitation as well as the management of a financial support mechanism that would allow solution seekers and/or providers to

receive support to test feasibility and economic potential of the solution and proceed with its implementation (such grants shall not exceed EUR 50 000). At least 70% of the total grant amount should be awarded in the form of small grants to third parties.

*Type of action: Coordination and Support Action; Overall budget: EUR 3.5 million; Co-funding rate: 100%;  
Deadline: 28 April 2016*

**Call for proposals: SC1 HCO 01 - Valorisation of FP7 health and Horizon 2020 societal challenge 1 research results (WP Health, demographic change and wellbeing 2016 - 2017)**

This call aims at developing a European web marketplace, one-stop-shop between innovation providers (mainly academic research organizations) and innovation developers (such as SMEs, midcaps and larger companies, EU research infrastructures), exploring primarily research results generated by FP7 Health and Horizon 2020 SC1 programmes.

TTOs with proven track records in exploitation of research results and business development departments from healthcare companies should be involved in the consortium to ensure a consistent approach between innovation providers and developers. Special attention should be given to project outcomes in low performing Member States and Associated Countries.

*Type of action: Coordination and Support Action; Co-funding rate: 100%; Overall budget: EUR 2 million;  
Deadline: April 13<sup>th</sup> 2016*

**Call for proposals: FET Open 2 - d) FET Innovation Greenhouse (WP Future and Emerging Technologies 2016-2017)**

This call aims at establishing a Europe-wide capacity for innovation, exploitation and entrepreneurship stemming from the visionary, high-risk interdisciplinary science and technology research supported by FET. Greenhouse will provide innovation support services to help bridge the gap between FET research and its application in industry and for society, with a focus on enabling the earlier creative and learning stages of innovation from FET research.

*Type of action: Coordination and Support Action; Budget: EUR 3million; Co-funding rate: 100% ;  
Deadline: 11 May 2016*

**Call for tender: Support for dissemination of research results – service and partnership search functionality (WP Dissemination, Exploitation and Evaluation 2016-2017)**

The contractor will provide services (web services, eLearning and other capacity building services) to participants that help enhance their dissemination capabilities, including dissemination activities for results that are aggregated from different projects of various EU and national programmes. Partnering search functionality must be included.

*Budget: EUR 1.45 million; Deadline: 4<sup>o</sup> quarter 2016*

**Call for proposals: ENG-GLOBALLY-09-2016 Centres/Networks of European research and innovation (WP Europe in a changing world – inclusive, innovative and reflective Societies 2016-2017)**

This call aims to establish and ensure initial operational of new centres, or networks of centres built on existing European innovation infrastructures located in international partner countries and regions in order to ensure economies of scale while avoiding unnecessary duplication. The Centers will engage in activities such as networking services including partnering events, workshops, boot camps, venture capital pitching, best practice exchange, advice and support to European academic as well as industrial/private sector actors on how to internationalise by engaging in research and innovation in the international partner country, providing work space, infrastructure and secondment opportunities, design and piloting of public/private funding mechanisms, promotion, awareness raising and training activities.

*Type of action: Coordination and Support Action; Overall budget: EUR 10 million; Deadline: 14 April 2016*

**Call for proposals: Strategic partnerships in the field of education, training and youth (Erasmus +WP 2016-2017)**

Strategic Partnerships aim to support the development, transfer and/or implementation of innovative practices as well as the implementation of joint initiatives promoting cooperation, peer learning and exchanges of experience at European level. Among topics: Promoting entrepreneurship education and social entrepreneurship among young people. Priority will be placed on projects in the form of transnational youth initiatives that allow groups of young people to put ideas into practice.

*Type of action: Strategic Partnership; Deadline: 26/04/2016 - 4/10/2016*
